

THE DIFFERENCE

Guidelines to buying good furniture / Why cheap furniture is cheap !

Check Points		Royal Decor's Furniture
1. Top surface lamination of the Boards	Most furniture comes with paper laminated board. Try rubbing the surface of paper laminated boards and Royal Decor's furniture boards with a light sand paper and see the difference.	Royal Decor's furniture comes with low pressure lamination & high pressure laminated boards only. Paper based boards have low abrasion resistance.
2. Wardrobe sizes	Wardrobe sizes are deceiving Sizes of 4D wardrobe could be (W X H) 5'X 6'; 3D wardrobe could be 4'X 6' and 2D wardrobe could be 2.5' X 6'.	Royal Decor's wardrobes come in full size. 4D wardrobe are 6' X 6.5'; 3D wardrobes are 4.5' X 6.5' and 2D wardrobes are 3' X 6.5'.
3. Board thickness	Most Furniture comes with Board thickness of 12 to 15 mm as major parts and 3 mm on back panels.	Royal Decor's furniture comes with 18mm boards as major parts and 9 mm thick boards as back & drawer bottom panels.
4. Back & Drawer bottom panel	Back panels of cabinet and bottom panel of drawers are mostly 3mm thick and mattress support panel in Beds are 9 mm thick.	Royal Decor's furniture comes with 9 mm cabinet back and drawer bottom panels and 12 mm thick mattress support panels on beds.
5. Joinery System	The knock down fitting screws are fitted directly on the boards and with mostly two repeated dismantling the furniture will wobble after assembly.	RD's furniture comes metal inserts fixed to the boards and the knock down screws are fitted on the metal parts. The furniture can be dismantled and reassembled any number of times and there is no problem.
6. Drawer channels	Regular drawer channels are used with 12 mm board side panel and 3 mm bottom panel.	RD uses the unique Integrated Drawer slides which comes with integrated metal side panels. This adds a sleek look, good strength and more drawer space.
7. Edging of the Boards	Mostly paper based edging are used which have low impact resistance.	RD Utilises only PVC edging applied by an automatic edging machine which give high resistance to rough usage.
8. After Sales Service	Replacement of parts mostly not available.	RD's Furniture being manufactured in India gives a good after sales service since certain parts required as replacement can be made available.
9. Motto	The price could be the only factor when everything else needs to be compromised.	RD's motto is to give Tough Furniture suitable to Indian usage conditions at a reasonable price.
10. Price	You may get something at Rs. 700 and may need to replace it between 2 to 5 years.	You may buy something at Rs. 1000 and use it for 10 to 20 years.
