

Vidya Wires Pvt. Ltd.

Excellence through Experience

Corporate Brochure

We are a reputed manufacturer & exporter of a wide range of enamelled copper wire, copper strips, paper covered round wires. Our range is capable of meeting the requirements of electrical motors, transformers & other appliances.

Vidya Wires Pvt. Ltd.

Excellence through Experience

- About Us -

Incorporated in the year **1981**, we, **Vidya Wires Pvt. Ltd.**, is a reputable name in the industry engaged in the manufacturing, exporting and supplying of an extensive assortment of **bare copper wire, bare aluminium wire, bare copper strip, bare aluminium strip, copper strips, paper covered round wires & super enamelled copper winding wires**. Our range is designed in accordance to industry accepted norms and is in compliance with IS & IEC standards.

Promoted by RATHI FAMILY, the organization is progressing under the aegis of **Mr. Shailesh Rathi**, who has vast experience and knowledge of the industry. Our organization is making headway with a corporate philosophy of 'Excellence through experience and is serving the diverse industrial requirements of electric transformers (power & distribution), electric motors, telecommunication equipment, electronics & electrical appliances and wind mill alternators. Also, we are addressing the demands of OEM manufacturing and successfully deliver the manufactured range through our wide sales network across the country.

We are manufacturing our entire range of **copper strips, paper covered round wires & super enamelled copper winding wires** by using quality assured raw material like EC grade copper and steel and other insulated material. Further, our range is assured of consistency through the well defined quality control programs employed at different stages of production. To ensure high quality standards of our products and better efficiency in our process, we also lay immense focus on employees in house training for necessary skill development.

Enamelled Copper Winding Wire:

We manufacture an exclusive range of enamelled copper wire that is manufactured using E.C Grade copper rods that is extruded or drawn by dies of special size and is further repeatedly coated with enamel. Our assortment of enamelled copper wire comprises Polyester, Polyesterimide and Self-Solderable wires, to name a few.
