

**Silvol Rock Drill Oils 100 220  
Pneumatic Tool Oils**

SILVOL RDO OILS is a specialty oil containing rust Inhibitors, Lubricity Improvers and Tackiness Additives, Extreme Pressure Additives and are fortified with a special compound which forms a tenacious oil film by mixing with condensed moisture. These oils have excellent load carrying ability and rust preventive properties. These oils maintain oil protective films both at low and high pressure and do not give non liking smell. These oils are used for lubrication of pneumatic equipment such as rock drill, jack hammers, chippers, wagon drills and also are used in small in-plant pneumatic tools like grinders, filling tools, drills, tapping units and impact wrenches, etc.
