

CD-R AZO LightScribe

The 'mechanical specifications' of Verbatim media are very precise, and data written to it can be read in a wide range of drives. As a result, Verbatim discs demonstrate a high level of compatibility between drives running at a wide range of speeds.

Superior resistance to UV irradiation.
Archival Life: Extra Protection - up to 40 years; AZO - up to 100 years.
Lowest error rate against a range of CD writers.
Lifetime Warranty.

Product Number: 43441
Capacity: 700MB
Speed: 52x
Pack Style: 10 Pack Spindle
Disc Surface: Lightscribe

Lightscribe direct disc labelling is using a disc to burn data onto, then flipping the disc over, in the same drive and creating a professional looking label that is laser etched onto the disc surface. Simple, just 'Burn, Flip, Burn' with Lightscribe Direct Disc Labelling

See www.lightscribe.com for drivers, ideas and templates.
