

They find application in a variety of industries like petroleum & pharmaceutical, in addition to different refineries. The detailed list of our product range is as per given below:

<p>Pressure Gauges</p>	<ul style="list-style-type: none"> • Industrial Pressure Gauges • Test Pressure Gauge • Digital Pressure Gauge • Pressure Transmitters • Pressure Gauge-Dial Type • Digital Manometer Series • Pressure Switches
<p>Temperature Products</p>	<ul style="list-style-type: none"> • Thermocouples • Resistance Temperature Detectors (RTDs) • Flanged Thermo wells • Temp Gauge-Dial Type • Temperature Gauges • Digital Temperature Instruments • Flame Proof Digital Temperature Instruments • Temperature Switch • Temperature Transmitter • Digimaster Master Temperature Sensor
<p>Process Calibration</p>	<ul style="list-style-type: none"> • Universal Calibrator • Multifunction Calibrator • Process Handled Calibrator • Three Phase Calibrator • Impedance Calibrator • AC and DC Current Calibrator • High Resistance Decade-box • Capacitance Decade • Temperature And Process Calibrator • In Site Tester Calibrator • High Accuracy Tester
<p>Temperature Calibration</p>	<ul style="list-style-type: none"> • Fluid less" Dry Block Temp. Calibrator (Temp. Bath) • Fluidised Bed Temperature Calibrators (Temp.) • Temperature Calibration Furnace Series • Liquid Circulation Baths • Digimaster-Master Temperature Gauge

	<ul style="list-style-type: none">• Temperature Test Benches Series
Pressure Calibrator	<ul style="list-style-type: none">• Digital Pressure Calibrator• Portable Pressure Pumps• Calibration Bath Series• Test Gauges / Master Gauges• Bench To Comparison Test Pumps Series• Temperature Calibration Furnace Series
