

Silvol Loom Oil 460

SILVOL LOOM OIL is a high quality refined, high viscosity index paraffinic mineral oil, keeps are selected package of additives.

Product features:

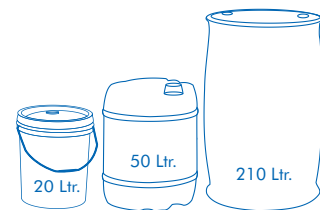

- High inherent oxidation and thermal stability
- Excellent water separating properties
- High resistance to the formulation of lacquers and other oxidation products

Applications:

- Bearing lubrication of vertical and horizontal enclosed crank-case engines where additives type oils are not required.
- Open crank-case engines where compounded oils are not required.
- Sliding vane rotary machines.
- High pressure reciprocating machines.
- Circulating and bath systems where non-additive oils are required.
- Comb boxes.

Performance level : IPSS 1-09-001-81 Specifications

Available in :

SPECIFICATIONS

Sr.	Properties	Loom Oil
		460
1	Kinematic Viscosity, cSt@40°C	440 - 480
2	Flash Point, COC, °C Min.	220
3	Pour Point, °C Max.	0
