Jamnagar Machine Tools

Profile

Established in the year **1976** “**Jamnagar Machine Tools**” is one of the oldest and credible business firms, involved in manufacturing, supplying and exporting **Industrial Machines**. We offer industrial machines like lathe machines, slotting machines, milling & grinding machines. These machines can be accessed from the market under the brand names of **Olympic Products & Olympic Gear Heads**. Owing to our excellent designing, commissioning and installation services, we have been able to install more than **6000 machines** across the domestic and overseas markets.

We supply these machines in markets like **Indian Subcontinent and East Asia, Middle East and South East Asia**, that amounts our export percentage to 20% of total business. Our excellent production facilities enable us to meet the diverse demands of our clients across the global market. All the standardized machines and technologies required for fabrication are outfitted in our organization. For hassle free business relations, we offer our clients options to pay through cash, cheque, DD and pay order. For reaching out major export markets, we use shipment modes like cargo, road and sea.

The strategic business policies formulated by our mentor, '**Mr. Tushar Patel**' have been highly beneficial for our firm. During complex orders, he guides the team members and remains in constant communication with them.
