## Lakhani Engineering Works

- Profile -

Since **1989**, we **Lakhani Engineering Works** are engaged in manufacturing, supplying and exporting a premium quality of Industrial Products. The array of products that are offered by us includes **Automatic Machines, Casting Plant Machines, Gold Jewellery Machine Parts, Fox (V) Tail Chain Machines** and many more.

Superior quality of raw materials is used by us to manufacture these products that help them to perform well. We manufacture our range of products keeping in mind the blueprints designed by our expert engineers, to offer a **completely defect free range** of products. Polishing and cutting of minor parts of the precious metals can easily and effectively done through these products.

A qualified team acts as the supporting pillars of the organization. Therefore, we are well supported with the research and development team, to know the latest technology existing in the market. The **R&D personnel** comprehend to the needs of our clients, thus the team of designers, engineers and quality controller work according to the ever-changing needs of the market. Moreover, through air, sea, road and cargo, our team offers **swift deliveries** of the products. Apart from this, we also offer easy payment mode such as cheque, DD and cash, to provide convenience to our clients.

**Mr Tejinder Singh**, our founder is a man with great vision and great industrial experience of 22 years. His abilities to motivate the team and guide them on a proper path, has helped the organization in carving a benchmark position in the industry. He believes that the work will be done flawlessly only when there is coordination among the working team, hence keeps the team awake and motivated. His **responsibility and authority** go side by side to ensure that high grade products are offered by us.

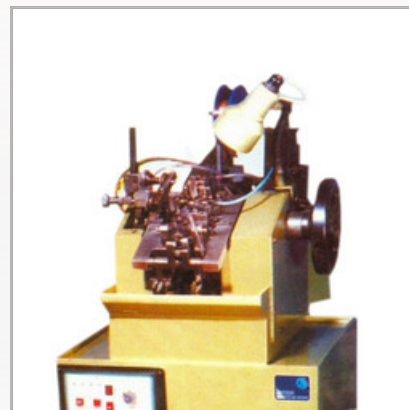

**Industrial Products:**

We are one of the leading manufacturers and exporters of the **Industrial Products**. Our products are fabricated by high quality raw material purchased from ISO certified vendors.
