

Mettler Toledo - Cub - Basic (Bench) Scales

Cub is a wash proof and dust proof scale designed to deliver superb results under tough working conditions. Cub is easy to operate, using two simple keys for all functions. Dual display design increases your productivity as two operators can work simultaneously. Also second display can act as a customer display for retail counter applications. Keep working even if the power is out utilizing the backup battery pack that provides power to keep you going up to 10 hours. Cub is ideal in dusty or damp environments where you need a highly accurate scale that is built to last. Cub Scale from METTLER TOLEDO, the world's most trusted brand in weighing!
