

Techno Crafters

Corporate Brochure

We are an eminent manufacturer, supplier and exporter of Continuous Casting plants, Electric Arc Furnaces, Ladle Refining Furnaces And Steel plant equipments. These equipments are extensively used in Steel Melting and Refining Shops.

Techno Crafters

- Profile -

Established in the year **2002**, we, "**Techno Crafters**", are a prominent manufacturer, supplier and exporter of a premium range of **Steel Plant equipment**. These find extensive application in various industries such as steel mill shops, Rolling Mills etc. Our machines are highly appreciated by our clients for attributes like excellent finish, durability, high functionality, abrasion & corrosion resistance, dimensional accuracy and temperature resistance.

Having developed a sound & modern infrastructure, we have been able to deliver a quality range of **Continuous Casting Machines and auxiliary steel mill equipments** at cost effective prices, within the stipulated time frame. These machines are designed and developed using the latest technology employing precision Computerised Numerical Control (CNC) machine tools, and hence they are in compliance with all the industrial norms. Our assiduous and dedicated professionals ensure to deliver a range which is defect free and does not cause any problem to our clients. Apart from this, we also provide customized services of metallurgical turnkey solutions, which are based on certain pre-determined parameters with regard to sizing and other layouts. These factors have enabled us to garner a huge client base all across the globe.

Under the insightful guidance of our mentor, "**Mr. Arun Pandit**", we have been able to create a special niche for ourselves in the highly competitive industry. His vast industry experience and in-depth knowledge of the business is well reflected in our large product line.
