- Profile -

Established in the year 2002, we **Fiar Deal** are engaged in manufacturing, supplying and exporting a wide range of **Electronic Gadgets** that includes pendrives, DVD players, laptops, mobile phone and accessories, i pods, watches and MP3 players. We design and develop these products in compliance with the latest Japanese technology using quality tested raw material, procured from the reliable vendors of the market. To suit the specific requirements of our clients, we offer these gadgets in various customized sizes and specifications. In addition to these gadgets, we also offer technical consultancy to our clients for developing value-added products for their specific applications.

To manufacture these products, we have developed a well-developed manufacturing unit. Equipped with advanced facilities and modern machines, this unit assists in constant product innovation, market knowledge and process advancement. Due to our relentless pursuit of improvement, we have also developed R&D unit. Thus, owing to our advanced infrastructure, we strive to maintain world-class quality standards, efficient delivery schedules, competitive price and excellent after sales service.

Under the able guidance of our mentor **Mr. Deepak**, who has vast industry experience and knowledge, we have been successful in establishing a strong foothold for ourselves in this domain. Due to the ethical business policy and in-depth knowledge of our mentor, we have carved a niche for ourselves in the domestic market as well as international market.
