**New  
Simultaneous  
Recording  
Feature!**

## CopyWriter Live

Let CopyWriter Live bring digital quality audio to your church, school, studio, or boardroom! The CopyWriter Live combines the flexibility of cassette tapes with the quality and longevity of CDs, in one low-cost, easy-to-use unit.

The all-new "simultaneous recording" feature makes the recorder unbeatable. The Copy Writer Live presents the ability to record live CD Audio to two recorders at the same time, allowing users to make two copies of an event immediately after recording. Users can initiate copying in more than one system using the two masters, or use one for immediate playback or review.

Record from practically any audio source, including live feed from a microphone, cassette deck, mixer, and many other sources. Make a high-quality CD on the first try, every time, or make backup copies of audio or data for long-term storage.

CopyWriter Live is the only direct-to-disc audio recorder that features the ability to continually record by seamlessly utilising the second recorder as the first becomes full. Record for hours on end with Microboards' exclusive spanning feature!

## Exclusive CopyWriter Live Features

### Spanning Exclusive!

Copy Writer Live is the only direct-to-disc audio recorder that features the ability to continually record by seamlessly utilising the second recorder as the first recorder becomes full.

### Record Two Discs Simultaneously!

Now record two discs at once using TWIN mode. Burn two identical discs from the same audio input. When the discs are full, recording stops, and the discs are ejected.

### Firmware 1.10 Update!

Microboards is pleased to announce that 2 new features have been added to the Copywriter Live. These features, Track Extraction and Auto Track Indexing, are available with the release of firmware Version 1.10.
