

Ethylene Glycol Monostearate, EGMS

We are engaged in manufacturing **Ethylene Glycol Monostearate** that is at par with the international standard. We manufacture our Ethylene Glycol Monostearate from genuine ingredients to ensure the quality of the product. We follow stringent parameters of purity, pH value, precise chemical composition and stability, to bring out the best quality of Ethylene Glycol Monostearate. Our Ethylene Glycol Monostearate is in huge demand in the cosmetic and toiletries industry to be used as pearlising agent. We provide Ethylene Glycol Monostearate in the pack of 25 kgs HDPE bags with liners. We stand among the prime Ethylene Glycol Monostearate manufacturers, based in India.

Applications

- Shampoo

Packing available

25 Kgs HDPE Woven Bags with Liner

Other Information

- **Pay Mode Terms** : L/C (Letter of Credit), T/T (Bank Transfer)
- **Minimum Order Quantity** : 25 Kilogram
- **Port of Dispatch** : JNPT / NHAVA SHEVA

Product: **Ethylene glycol Monostearate (EGMS)**

Specifications:

Appearance : White flakes.

Acid Value : 5 Max.

Moisture % : 1 Max.

Packing : 25 Kgs. HDPE woven bags.

Glycol Stearate (Ethylene Glycol Monostearate) is an organic compound with the molecular formula $C_{20}H_{40}O_3$. It is the ester of stearic acid and ethylene glycol. It is used as an ingredient in many types of personal care products and cosmetics including shampoos, hair conditioners, and skin lotions.
