We are engaged in the manufacturing, supplying and exporting variety of industrial chemicals in the national as well as international markets. Our offered chemicals are praised by clients for their optimum quality and purity.
Established in the year 2001, “Klauz Specialities” has been acknowledged by the clients for the manufacturing, supplying and exporting chemical products in the global markets. We have been stepping towards success with our dedication and hard work and the annual turnover figure of 2.5 Crore Rupees is a testimony of it. We stepped in the market with the objective of manufacturing, supplying and exporting quality chemical products and offering best adhesive properties to marble and granites. Our vast distribution network helps us in providing quality products in every nook and corner of the market.

Our state-of-the-art infrastructural base includes manufacturing unit, research and development department, quality controlling department and warehouse & packaging unit. It helps us in the careful production of quality chemicals, which are formulated in accordance with the research-oriented results. Our quality controlling unit supports us in testing the quality of prepared chemicals, which are stored in our sound warehouse safely before final dispatching. All these departments and units are geared with sophisticated devices to test procured raw materials and products.

Our respectable managing heads, ‘Mr. Vivian Philip Lewis & Mrs. Vrinda Sylvia Lewis’ have achieved us the topnotch position in the markets based on their expertise and years of experience as well. They have taught us the meaning of client-satisfaction and its significant role in the business world.
