

PressureJet Systems Pvt. Ltd.

Corporate Brochure

We are an eminent organization involved in the manufacturing of a qualitative range of triplex plunger pump, piston pumps, water jetting, blasting equipments. Our range is widely acclaimed by our clients for its performance and durability.

PressureJet Systems Pvt. Ltd.

- Profile -

Pressure Jet Systems Pvt. Ltd. Manufacturers high power pumps and pumping equipments like high pressure plunger pumps, high pressure cleaning systems, reciprocating piston pumps, ultra high pressure pumps, hot water pressure cleaners, cold water pressure power, water sandblasting equipments, hydro jetting equipment, water blasting machine, hydro jetters, sewer cleaning and jetting machine etc.

It goes without saying that superior quality products fetch higher client satisfaction and thus, long term success for a company. Excelling on the basis of its deep technical knowledge and engineering expertise, Pressurejet Systems Pvt. Ltd. is a recognized manufacturer, exporter and supplier of high pressure, positive displacement, reciprocating triplex plunger pumps and relevant accessories since 1996. These pumps are most suitable for water jet cleaning, injecting, hydrostatic pressure test, crude oil transfer, reverse osmosis, etc. Our products are available at a competitive price range and we ensure their timely delivery under all circumstances.

Our wide product range includes High Pressure Plunger Pumps, High pressure cleaners, Electric pressure washer, Power pressure washer, gas pressure washer, High Pressure Cleaning Systems, Reciprocating Plunger Pumps, Triplex piston pumps, Car pressure washer pumps, High pressure water blasting equipments, hydro blasting equipments, Ultra High Pressure Pumps, Hot Water pressure Cleaners, Cold Water Cleaners, Wet Sandblasting Equipments, high pressure water jetting equipments, Sewer cleaning equipments, Hydrostatic test pumps and Accessories such as Guns, Unloader Valves, Pressure Relief Valves, Lances, High Pressure Hose & Flexible Lances, Strainers, Pressure Gauges, Nozzles, etc. We design and develop pumps and allied equipment as per the requirements of our clients.

High Pressure Triplex Plunger Pumps:

PressureJet is a leading manufacturer of high pressure plunger pumps and complete system. Product range includes pressure upto 2800 bar, flow rate upto 770 lpm and power upto 500 hp.

Industrial Pressure Pump

Reciprocating Piston Pumps

High Pressure Pump

High Pressure Pump for R.O.

High Pressure Washer & Cleaners:

PressureJet Systems Pvt. Ltd offers High Pressure washer. Pressure Jet Systems Pvt. Ltd offers high pressure, reciprocating triplex plunger pumps, etc. This commercial pressure washer is high pressure reciprocating plunger pumps that use high pressure water jet to remove mold, grime, dust, mud and dirt from surfaces and objects such as buildings, vehicles and concrete road surfaces.

Car Pressure Washer

Wet Sandblasting Machine

Trailer Mounted Pressure Power Washer

Hot Pressure Washer

Cleaning Equipments:

We are offering a wide range of cleaning equipment to our clients. These products are used to offer cleaning / washing / removal of the exterior surface of any object, which may result into washing / cleaning / removal of dirt.

Waterblasting Equipments

Surface Cleaner

Storage Tank Cleaning Equipments

Hydrodemolition

Tube Cleaning & Pipe Cleaning:

You are at right place for your requirement of High pressure water jet tube & pipe cleaning by Hydrojetting. For more information please visit at our "pressurejet" website.

Boiler Tube Cleaner

Tube Cleaning & Pipe Cleaning
